Home Mission Church Milestones *continued from last week*

Last week we learned about three mission milestones, this week we look at two more.

During the past few months, many home mission congregations have been blessed in a variety of ways. The following congregations have either held a groundbreaking, launched public worship, purchased an existing facility, or dedicated their new church building. God is truly blessing mission work and the sharing of the gospel throughout the country.

Good News Lutheran Church

Good News Lutheran Church in Mt. Horeb, Wis., held a ceremonial "groundbreaking" for their new church on January 2, 2022, after cold weather

forced them indoors. With God's blessing, their new church home will be completed by the end of 2022.

Good News purchased a six-acre piece of land in April 2021 with assistance from WELS Church Extension Fund. They received a loan and matching land and facility grants totaling \$747,914 for their building project.

CrossLife Lutheran Church

After almost twenty years of dreaming, planning, designing, discussing, researching, redesigning, gathering financial gifts, permitting, and finally a construction project during a pandemic, CrossLife Church and Christian Academy in Pflugerville, Tex., celebrated their grand opening on January 23, 2022. The facility features a wor-

ship center, kitchen/cafe, and indoor and outdoor gathering areas. It also includes eight classrooms and staff offices for the new Early Childhood Ministry, and they have plans to add elementary grades in coming years.

Please keep these home missions in your prayers as they continue to share the pure message of the gospel with more people in their communities. To stay connected with these and the other 132 home mission congregations scattered throughout the United States, Canada, and English-speaking West Indies, follow WELS Missions on Facebook at fb.com/WELSMissions.
